

We Play Everything Country!

Maverick 102.3 – We Play Everything...Country!!!

Maverick 102.3 is turning heads in the Roanoke Valley and Southside Virginia area with a very unique brand of country. The Maverick plays today's superstars like Luke Combs, Jason Aldean, Carrie Underwood, Brad Paisley, and Keith Urban, plus country greats like Garth Brooks, George Strait, Alan Jackson, and Tim McGraw. We even throw in Haggard, Willie, Waylon and Jones! If you get tired of country stations who seem to play the same artists, same song every 2 hours, or you've ever thought "What happened to the Legends" The Maverick is the station for you!!! The results and reaction to The Maverick has been overwhelming from our listeners...people love it!!!
